

LAS MapMan

LAS MapMan is a monitoring tool that can display any LAS alarm in real time. Know where your facilities assets and personnel are in REAL TIME, tracking locations, last known locations and more.

LAS MapMan offers:

📌 Alarms for any systems in LAS:

- Displayed in real time
- ICONs (NC, Duress)

📌 RTLS Asset Tracking

- Location on the map
- TAG Alarm state
- Battery state
- Last known location

📌 RTLS Asset Tracking

- Location on the map
- TAG Alarm state
- Battery state
